Internet Package Deals:

Many Internet booking agencies, such as Expedia and Orbitz, offer discounts on package deals that include a combination of travel expenses purchases together (such as airfare and lodging).

UCLA cannot reimburse for travel package deals if the breakdown of all expenses and applicable taxes (such as airfare, airfare tax, room rate per night, and room tax per night) cannot be provided by the vendor. The IRS requires that receipts provide a certain amount of detail, and if that detail is not provided by the vendor, IRS requirements have not been met.
