

# Luskin Design and Development Certificate Checklist

Students interested in gaining a deeper understanding of design and development can pursue the Luskin Design and Development Certificate by taking two extra DD courses while in the MURP program. These are in addition to the area of concentration courses (a total of nine courses are required for the certificate\*). Courses can count towards both the AOC and Certificate.

Please completed the checklist below and submit it to the department Graduate Advisor by 7<sup>th</sup> week of the spring quarter of your last year.

NAME \_\_\_\_\_

DATE \_\_\_\_\_

## **Urbanization course (required, cannot be substituted)**

- 281 Introduction to History of Built Environment

# Luskin Design and Development Certificate Checklist

\*Courses cannot be double-counted in more than one area.

Waived courses cannot count toward the nine courses. For example, if you waive UP 218A, you must take another course to replace it.

*Students are also encouraged to take M206A (Intro to Geographic Information Systems) and M206B (Advanced Geographic Information Systems), but they are not part of the certificate program.*
