ROLES ON GRANTS & CONTRACTS

2019-2022, Project Coordinator, SAMHSA Integrating Substance Use Education Training into Mainstream Behavioral and Applied Science Disciplines (PD: Rachel Castaneda, PhD, MPH)

The goal of this project focused on enhancing the curriculum across the behavioral health disciplines at Azusa Pacific University by integrating additional substance use education training for practitioner students. Responsibilities include coordinating and supervising project operations, including development of the training website, organizing project meetings and assisting with the management of SAMHSA contracting requirements.

2019-2022, Project Coordinator, SAMHSA Provider Clinical Support System-PCSS Training Focused on MAT Preparedness for Nurse Practitioner Students and Field Preceptor Community Health Sites to Address Opioid Use Issues: Enhancing a Faith-Based SBIRT Practice Model (PD: Rachel Castaneda, PhD, MPH)

The goal of this project focused on collaboration with the APU School of Nursing faculty to enhance the curriculum and training protocols for nurse practitioner (NP) students and field preceptors at community sites in the use of Medications for Opioid Use Disorder (MOUD). Responsibilities include coordinating and supervising project operations, including virtual trainings and development of the training website, organizing project meetings and assisting with the management of SAMHSA contracting requirements.

2019-2022, Evaluator, SAMHSA Substance Abuse and HIV Prevention Navigator Program for Racial/Ethnic Minorities Ages 13-24 Cooperative Agreement (PD: Rachel Castaneda, PhD, MPH)

The major goal of this project was to implement a prevention navigator model at local community-based organizations that serve at-risk youth to help address needs around substance use, HIV/STDs and housing. Served as project evaluator, responsible for overseeing the implementation and maintenance of all project-related activities according to the proposed timeline, including needs assessment, and implementation and evaluation plans. Also responsible for coordinating project meetings, events, data management/analysis and report writing.

2019-2020 Project Coordinator, Contract with California Health Care Foundation-CHCF/Groups Recover Together – External Evaluation of Real-World Medication Assisted Treatment Program Outcomes (PI: Rachel Castaneda, PhD, MPH)

The goal of this project was to evaluate Groups Recover Together, a medical practice that provides outpatient treatment for patients with opioid use disorders (OUDs), using a best practice model that combines medication for opioid use disorder, weekly group therapy, and a range of other clinical and social supports. Responsibilities under this project included ensuring project administration was implemented as planned and assisting with coordination and submission of project reports and deliverables.

2019-2021 Project Coordinator, UCLA Subaward (PD: Rachel Gonzales-Castaneda, PhD, MPH)

Served as a project coordinator for a UCLA subaward, funded by the California Community

Foundation. This project was focused on interviewing substance use disorder treatment providers who serve youth to generate a shared vision for comprehensive youth-centered services for Los Angeles County. Responsibilities included coordinating and scheduling stakeholder interviews, reviewing and analyzing transcripts of interviews and assisting with report writing and development of project-related materials.

2017-2022 Project Coordinator, Contracts with the California Institute for Behavioral Health Solutions (PI: Rachel Gonzales-Castaneda, PhD, MPH)

Served as project coordinator for three CIBHS training and workforce development contracts focused on providing trainings for providers contracted with the Youth System of Care under the Los Angeles County Department of Public Health, Substance Abuse Prevention and Control (SAPC) division. Responsibilities included assisting with curriculum development; coordinating trainings and training evaluation; collaborating with technology consultant for design of the training website and managing and offering Continuing Education credits to providers who attended the trainings.

2019-2021 Project Coordinator, Contract with the California Institute for Behavioral Health Solutions (PI: Rachel Gonzales-Castaneda, PhD, MPH)

Served as project coordinator for an evaluation of a California Community Reinvestment Grant awarded to the Los Angeles County Department of Public Health, Substance Abuse Prevention and Control (SAPC) division. Activities included providing technical assistance for the two CalCRG projects focused on job readiness and a tuition incentive program, coordinating data analysis and summarizing evaluation findings in interim/final reports.

2017-2019 Project Coordinator, Contracts with Shasta County's Health and Human Services Agency, Children's Services (PI: Rachel Gonzales-Castaneda, PhD, MPH)

The goal of the evaluation consisted of providing technical assistance for Shasta County Youth System of Care with a focus on meeting Drug Medi-Cal Organized Delivery System (DMC-ODS) waiver requirements; and workforce development through trainings and webinars for County staff and direct service providers on implementing newly adapted DMC-ODS services (e.g. ASAM assessment, at-risk screening tools, evidence-based practices, recovery support services, family services, co-occurring services, etc.) as well as managing and offering Continuing Education credits to providers who attended trainings. Provided technical assistance with pre- and post-test survey development and analysis and assisted with report writing that included recommendations for system improvement.

2018 -2020 Project Coordinator, Contract with Los Angeles Homeless Services Authority (PI: Rachel Gonzales-Castaneda, PhD, MPH)

This LAHSA project was funded by the Conrad Hilton to provide SBIRT services to high-risk homeless young adults. Activities under this contract included coordinating supportive services and housing resources across Los Angeles County to form a collaborative network that connects homeless individuals and households to services and housing, while providing technical assistance on pre- and post-test survey development and analysis, and training to participating organizations as they prepared to implement SBIRT.

2017-2020, Project Coordinator, Contract with the Los Angeles County Department of Mental Health (LAC-DMH) (Vendor: Rachel Gonzales-Castaneda, PhD, MPH)

Coordinating trainings and evaluation for workforce development of the Transition Age Youth System of Care Bureau. Activities included assisting with SUD curriculum

development, developing pre- and post-test survey and analysis, and report writing of training sessions.

2016-2019 Project Coordinator, SAMHSA SBIRT-Student Training Initiative among Allied Health Professional Disciplines at Faith-Based Universities (PD: Rachel Gonzales- Castaneda, PhD, MPH)

The major goal of this project was to develop a sustainable, interdisciplinary SBIRT curriculum that integrates cultural components of spirituality/religion available through a web-based learning management system for undergraduate and graduate psychology, social, work and nursing disciplines. Responsibilities included curriculum development, collaboration with technology consultant to help design the training website, development and tracking of the project evaluation, providing technical assistance to community organizations on SBIRT implementation and report writing.

2015-2019 Evaluation Coordinator, UCLA Subaward (Evaluator: Rachel Gonzales- Castaneda, PhD, MPH)

Served as an evaluation coordinator for a Hilton-funded adolescent SBIRT project among Community Anti-Drug Coalitions of America (CADCA) coalitions. Provided technical assistance and guidance on the development of logic models and implementation plans for SBIRT in coalitions. Provided evaluation support, including pre- and post-test survey development, data analysis, tool-kit development, and report writing associated with the project.

2016-2018 Evaluation Coordinator, UCLA Sub-Contract with Los Angeles County/SAPC (Co-PI: Rachel Gonzales-Castaneda, PhD, MPH)

Evaluation of the Adolescent Substance Use Disorder (SUD) System of Care in Los Angeles County. The goal of this county-funded project was to develop system standards for assessment, service delivery and measurement for the adolescent SUD system of care. Activities included providing technical assistance around DMC-ODS standards, submitting relevant IRB-material and monthly progress reports and also conducting data analysis on youth system of care treatment data.
